Naga Sai Kousik Chandina

has successfully completed the online Specialization

Terraform in AWS from Basics to Guru

This certificate is awarded in recognition of the successful completion of a comprehensive course focused on mastering Terraform fundamentals, exploring AWS configurations, and automating infrastructure deployment with Cloud-Init. The recipient has demonstrated proficiency in leveraging Terraform to develop scalable and secure cloud solutions, enhancing their DevOps toolkit and equipping them with the skills necessary for effective cloud infrastructure management.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
